One to two sentence summary of the project to be funded:

II. Project Information

Is this a existing or new project?

Describe the project to be funded, including relevant project background/history, how the grant funds will be used, the community being served, and the significance (impact) the grant project will have on the local community.

How will this project improve access and/or the production of local, healthy foods throughout underserved areas in NCCo?

List 1-2 goals for the project. These goals should be the overarching changes that you would like to see as a result of this project and should be realistic based on the project's scale.

Ex. Improve access to fresh vegetables to community members living in the Mr. Rodger's Neighborhood.

List 2-3 objectives per goal for the project. Objectives should be the tangible results of your project and should help paint a picture of what project success would look like.

Ex. Every month, from May to September, the 8th Street Community Garden leadership committee will host a workshop as part of our soil to table education series for at least 10 community members.

Ex. Build 4 additional raised beds in the community garden to grow crops for use in our food pantry during the upcoming summer season.

III. Project Sustainability

What is relevant experience of the individuals involved? If limited what is your action plan to learn more?

How do you plan to sustain this project over time? If buying equipment or supplies for an existing project, how will these funds help to sustain your farm or garden over time?

IV. Required Attachments

Letter of Support: Application must be submitted with a letter from the organization's leader committing support to the project. Official letterhead and physical signature must be present.

****If the project is to be completed on property not owned or leased by the applying organization an additional letter of support must be submitted by the property's controlling agent****

Budget:

1. Annual budget for your project, including a general list of expenses and costs
2. Detailed expenses that you plan to use the NCCD mini-grant to cover and required match (see example in the Request for Proposal)

This is a reimbursement grant, and advances are not available. Invoices and itemized receipts must be submitted for reimbursement as per the approved financial agreement.
